### Changes in the Husky Record Book

In 2001 rally scoring was instituted for all five games and the first four games were extended to 30 points. These changes shortened the average length of matches and lowered average statistics. In 2008, the first four games were shortened back to 25 points instead of 30, which will alter the record book again. Point scoring began in the 2001 season and is calculated by adding kills, service aces and blocks (solo blocks plus half of total block assists).
